Subject Index

AIDS: validity of three measures of severity for use in health services research studies 45
AMBULANCE SERVICE: industrial dispute, change in stress outcomes following: a longitudinal study 51
AUDIT: and clinical effectiveness, role of Scottish area health boards 63

BAD DEBT: hospital, determinants of: multivariate statistical analysis 15
BOOKS REVIEWED:
Cochrane AL, Effectiveness and efficiency: random reflections on health services 270
Exworthy M & Halford S, eds, Professionals and the new managerialism in the public sector 136
Fritchie R & Leary M, Resolving conflicts in organisations – a practical guide for managers 203
Le Grand J *et al.*, eds, Learning from the NHS internal market: a review of the evidence 203
Lugon M & Secker-Walker J, eds, Clinical governance: making it happen 270
BUSINESS PLANNING: health-check questionnaire: a survey of first, second, third and fourth wave NHS Trusts 25

CAPITATION FUNDING: a cross-national comparison: the American, British and Dutch experience 121
CHARITY CARE: determinants of hospital bad debt: multivariate statistical analysis 15

CHRONIC OBSTRUCTIVE LUNG DISEASE: staffing intensity, skill mix and mortality outcomes 259
CLINICAL EFFECTIVENESS: and audit, role of Scottish area health boards 63
CLINICAL MANAGEMENT: and cultural diversity: the cultural context of doctor involvement in the managerial process 212
CLINICAL PRACTICE GUIDELINES: cautionary note on using collectively-derived standards to evaluate individual performance 137
COST:
and price in the NHS: importance of monetary value in decision-making framework — the case of purchasing renal replacement therapy 1
of quality: an interactive model of appraisal, prevention and failures 169
CRITICAL SUCCESS FACTOR: approach to strategic alignment: seeking a trail from a health organization's goals to its management information infrastructure 246
CULTURAL DIVERSITY: and clinical management: the cultural context of doctor involvement in the managerial process 212

DECISION-MAKING:
implementation of management, conducting qualitative research in the health sector: researcher issues and dilemmas 183
importance of monetary value to framework: cost and price in the NHS. Case of purchasing renal replacement therapy 1
DOCTORS:
involvement in the managerial process: clinical management and cultural diversity 212
maximizing the contribution made to NHS management 227
see also **PHYSICIANS**

EXPECTATION ENACTMENT: use as a conceptual framework for assessing managerial effectiveness: an NHS hospital trust example 161

GENERAL PRACTICE: primary care, past and future 143

HEALTH CARE UTILIZATION: by students at a university hospital in Turkey 149
HEALTH MAINTENANCE ORGANIZATIONS: a cross-national comparison of capitation funding: the American, British and Dutch experience 121
HEALTHCARE FUNDS: population-based regional allocation and socioeconomic risk factors 79
HIGH DEPENDENCY PATIENTS: shared care: mental illness, neurological disorders and terminal care – a review 205
HOSPITAL BAD DEBT: determinants, multivariate statistical analysis 15
HOSPITAL EMPLOYEES: level of analysis considerations in organizational citizenship behaviour research, empirical investigation of individual and work group effects 92
HOSPITAL PERFORMANCE: effects of organizational structure 232
HOSPITAL SERVICES: needs measure, socioeconomic risk factors and population-based regional allocation of healthcare funds 79

ILLNESS SEVERITY: and profitability: a patient level analysis 217
INDIVIDUAL PERFORMANCE: using collectively-derived standards to evaluate: a cautionary note on clinical practice guidelines 137
INDUSTRIAL DISPUTE: in the ambulance service, change in stress outcomes following: a longitudinal study 51
INFORMATION TECHNOLOGY: implementing in the NHS: the role of narrative 109

JOB SATISFACTION: level of analysis considerations in organizational citizenship behaviour research, empirical investigation of individual and work group effects among hospital employees 92

MANAGEMENT: maximizing the contribution doctors make in the NHS 227
MANAGEMENT DECISION-MAKING: implementation, conducting qualitative research in the health sector: researcher issues and dilemmas 183
MANAGEMENT INFORMATION INFRASTRUCTURE: critical success factor (CSF) approach to strategic alignment: seeking a trail from a health organization's goals 246
MANAGERIAL EFFECTIVENESS: use of 'expectation enactment' as a conceptual framework for assessing: an NHS hospital trust example 161

MANAGERIAL INNOVATION: adoption, study of physician impact analysis 190
MANAGERIAL PROCESS: doctor involvement: clinical management and cultural diversity 212
MATERNITY CARE SERVICES: service quality attributes: the prospective consumer's perspective 36
MEASURES OF SEVERITY: validity of three for AIDS for use in health services research studies 45
MEDICAID FEES: physician response to change 69
MENTAL ILLNESS: shared care for high dependency patients 205
MONETARY VALUE: importance in the decision-making framework: cost and price in the NHS. Case of purchasing renal replacement therapy 1
MORTALITY OUTCOMES: staffing intensity and skill mix: case of chronic obstructive lung disease 259

NARRATIVE: role in implementing information technology in the NHS 109
NEUROLOGICAL DISORDERS: shared care for high dependency patients 205
NHS MANAGEMENT: maximizing the contribution doctors make 227
NHS TRUSTS: a survey of first, second, third and fourth wave: business planning healthcheck questionnaire 25

ORGANIZATIONAL CITIZENSHIP BEHAVIOUR: level of analysis considerations in research, empirical investigation of individual and work group effects among hospital employees 92
ORGANIZATIONAL STRUCTURE: effects on hospital performance 232

PHYSICIAN IMPACT ANALYSIS: study, adoption of a managerial innovation 190
PHYSICIAN PRACTICE: using collectively-derived standards to evaluate individual performance: a cautionary note on clinical practice guidelines 137
PHYSICIAN SERVICES: response to change in Medicaid fees 69
PHYSICIANS: *see also* **DOCTORS**
PRIMARY CARE: past and future 143
PROFITABILITY: and severity of illness: a patient level analysis 217

QUALITATIVE RESEARCH: conducting in the health sector: researcher issues and dilemmas 183
QUALITY: costs, an interactive model of appraisal, prevention and failures 169

RENAL REPLACEMENT THERAPY: purchasing, cost and price in the NHS, importance of monetary value in decision-making framework 1
ROLE THEORY: use of 'expectation enactment' as a conceptual framework for assessing managerial effectiveness: an NHS hospital trust example 161

SCOTTISH AREA HEALTH BOARDS: role in audit and clinical effectiveness 63
SERVICE QUALITY: attributes of maternity care services: the prospective consumer's perspective 36
SEVERITY: of illness and profitability: a patient level analysis 217
SEVERITY MEASURES: validity of three for AIDS for use in health services research studies 45
SHARED CARE: for high dependency patients: mental illness, neurological disorders and terminal care – a review 205
SKILL MIX: staffing intensity and mortality outcomes: case of chronic obstructive lung disease 259
SOCIOECONOMIC RISK FACTORS: and population-based regional allocation of healthcare funds 79
STAFFING INTENSITY: skill mix and mortality outcomes: case of chronic obstructive lung disease 259
STRATEGIC ALIGNMENT: critical success factor approach: seeking a trail from a health organization's goals to its management information infrastructure 246
STRESS: change in outcomes following an industrial dispute in the ambulance service: a longitudinal study 51
STUDENTS: utilization of health services at a university hospital in Turkey 149

TERMINAL CARE: shared care for high dependency patients 205

UNCOMPENSATED CARE: determinants of hospital bad debt: multivariate statistical analysis 15

WORK GROUP EFFECTS: level of analysis considerations in organizational citizenship behaviour research, empirical investigation in hospital employees 92

Volume 12 (1999) Contents

NUMBER 1 FEBRUARY 1999

1 Cost and price in the NHS: the importance of monetary value in the decision-making framework– the case of purchasing renal replacement therapy
R. Moore and N. Marriott

15 Determinants of hospital bad debt: multivariate statistical analysis
I.-W. G. Kwon, P. A. Stoeberl, D. Martin and M. Bae

25 Business planning health-check questionnaire: a survey of first, second, third and fourth wave NHS Trusts
A. R. Bennett and J. M. Banks

36 Service quality attributes of maternity care services: the prospective consumer's perspective
A. Calleja and S. P. Gauci

45 Validity of three measures of severity of AIDS for use in health services research studies
F. Alemi, L. Walker, J. Carey and J. Leggett

51 Change in stress outcomes following an industrial dispute in the ambulance service: a longitudinal study
K. M. Young and C. L. Cooper

63 The role of Scottish area health boards in audit and clinical effectiveness
A. Millard

NUMBER 2 MAY 1999

69 Physician response to a change in Medicaid fees
N. L. McKay and F. H. Dorner

79 Socioeconomic risk factors and population-based regional allocation of healthcare funds
K. S. Bay, L. D. Saunders and D. R. Wilson

92 Level of analysis considerations in organizational citizenship behaviour research: an empirical investigation of individual and work group effects among hospital employees
D. S. Bolon

109 Implementing information technology in the NHS: the role of narrative
A. D. Brown

121 Cross-national comparison of capitation funding: the American, British and Dutch experience
D. Persaud and L. Narine

136 Book Review
N. Walsh

NUMBER 3 AUGUST 1999

137 Using collectively-derived standards to evaluate individual performance: a cautionary note on clinical practice guidelines
M. J. Long and M. Lescoe-Long

143 Primary care: past and future
M. McKinnon, J. Townsend and Z. Walker

149 Student utilization of health services at a university hospital in Turkey
A. Kisa and S. F. Dziegielewski

161 The use of 'expectation enactment' as a conceptual framework for assessing managerial effectiveness: an NHS hospital trust example
S. Willcocks

169 The costs of quality: an interactive model of appraisal, prevention and failures
R. W. Broyles and A. F. Al-Assaf

183 Conducting qualitative research in the health sector: researcher issues and dilemmas
S. Hill, R. S. Beattie and M. McDougall

190 Adoption of a managerial innovation: a study of physician impact analysis
R. Cockerill, C. Charles and J. Roberts

203 Book reviews
J. Smith
